

## TO ENLARGE FORT STANTON

Carrizozo, N. M., Feb. 5.—A bill has been introduced in congress providing the admission of all volunteer soldiers of the Spanish war and the Philippine insurrection to be admitted to the sanatorium at Fort Stanton, who are afflicted with tuberculosis. The provision, if accepted, and it has a favorable chance of passage, will mean much to Lincoln county and will mean the enlargement of the fort with in our border to a considerable extent.

It is a proposition that the citizens of the county can well afford to boost and urge their friends in congress to push along. There are hundreds of veterans of the last war who are today suffering from consumption who can be cured by being sent to this altitude and climate and Secretary of the Treasury Mac Veagh under whose supervision the fort in the White mountains is directly put seems to be quite aware of the immense benefit of such an institution. The many improvements are going ahead at the fort as started several months ago under the supervision of Dr. Smith.

## Editor Trimble Before Court

Editor F. R. Trimble of the Mountainair Messenger was haled before Judge Medler today to answer for printing an article regarding the so called Mountainair case, in which he criticised the attorneys for the defense, and stated that their blunders will yet be overcome and the verdict reversed. The article also stated that a new trial will undoubtedly be granted and that half of Mountainair if necessary will be on hand to impeach the testimony of the witnesses for the prosecution.

Mr. Trimble was placed under an appearance bond in the sum of \$250.

Mr. Trimble called at this office before leaving for home, and states that he feels quite sure that when the judge examines the article he will find nothing in it which merits punishment.

## McManus Finally Lands Job

Santa Fe, N. M., Feb. 1.—Anxiety still prevails among the office holders at the capital and the office hunters quartered at the various hotels here. Governor McDonald, in whose hands rests the fate of a host of the faithful who desire to serve the state in some remunerative capacity, still consistently declines to make any announcement further than the following:

Governor McDonald today appointed J. B. McManus, Democrat, former city clerk of Albuquerque, warden of the state penitentiary at Santa Fe to succeed Cleofes Romero, Republican, resigned, the transfer to take place on February 15th.

He also appointed John W. Hicks of Santa Rosa, a member of the state cattle sanitary board to succeed the governor, who had been a member of the board up to the time of his inauguration.

## Owen Tries Again

Santa Fe, N. M., Feb. 2.—Attorney H. D. Ferrell of Clovis today filed in the district court for the First Judicial district the election contest suit entitled the State of New Mexico, ex rel., O. L. Owen vs. G. H. VanStone.

The petition asks that a rule be made on VanStone to show cause why the attorney general should not be granted leave to file an information against VanStone for having illegally and unlawfully usurped, and held, accepted and performed the

office and duties of a corporation commissioner.

Attorney general Frank W. Clancy appears nominally for the state.

It is expected that the case will be heard before Judge E. C. Abbott who is expected to take the oath of office as district judge within the next few days. Judge Abbott, it is understood, has delayed taking the oath in order to allow Judge McFie to finish up some pending litigation a rehearing on which with consequent great expense to the litigants would have been necessary had it to be taken up in the state court.
